

Backstitch is a fabric and haberdashery store that for the last few years has been based online. We are now expanding with an exciting new retail and workshop space at Burwash Manor in Barton. We are looking for inspiring and knowledgeable tutors to run stitch craft workshops in the shop.

Workshops will be single or multiple sessions of around 3-4 hours long with between 4 and 8 students. We will run workshops that will be suitable for both beginners and more advanced students, and covering stitch crafts from dressmaking to embroidery.

The purpose of these workshops is for a student to have a lovely time in a happy, creative environment, whilst learning a new skill and leaving with a handmade item to be proud of.
